

2020 Keelboat Events at KYC

Special Sailing Instructions (SSI)

Building this SSI has been interesting. For our regular events, we actually have a very sophisticated course model that includes ways to signal a gate at the start/finish line. To accommodate the COVID world, we've had to make many adjustments. Amendment #5 is a little clean-up, to make signalling the Opening and Closing of the Start line less complicated for the people on shore who are running the event...

Amendment #5

SSI #12 **THE START**

12.4 Fourth sentence: *At the Opening of the Window, Class flags will be removed and Code Flag #4 will be displayed, with a sound signal.*

Delete "**Class flags will be removed and**"

Fifth sentence: *At the close of the Window, Code Flag #4 will be removed, with a sound signal.*

Insert before "Code Flag #4" – "**Class Flags and**"
